Vision & Mission

VISION

To become a leading and globally respected Nigerian company in construction, interior finishing, furniture and integrated building services, recognized for excellence, innovation, integrity and the ability to deliver quality projects at scale.

MISSION

To provide reliable, professional and innovative construction and interior solutions that meet client needs while maintaining high standards of workmanship, safety, efficiency and customer satisfaction. Norahsprint is also committed to developing skilled young people through practical training, mentorship and opportunities to build sustainable careers in construction and the creative industries.

Our Core Values

Excellence	Quality from planning and material selection through execution and finishing.
-------------------	---

Integrity	Honesty, transparency and accountability in the way we conduct business.
Professionalism	Disciplined execution, communication, supervision and respect for clients.
Innovation	Better techniques, designs, materials and solutions that improve projects.
Teamwork	Collaboration between leadership, craftsmen, technicians, clients and stakeholders.
Growth & Learning	Continuous learning and practical development, especially for young people.
Customer Satisfaction	Delivering results clients can confidently recommend.

From Practical Experience to a Growing Team

Norahsprint Integrated Services was born from perseverance, learning, craftsmanship and a desire to leave a lasting positive impact.

After leaving secondary school in 2014, founder Wisdom Pepple began taking on minor jobs to support himself and gain experience. One early experience was at Beloved Pure Water Factory. He later joined Exceed Security Limited and was deployed as a dog handler to Challys Fitness Center.

During that period, an ex-military officer serving as his supervisor encouraged him to acquire a practical skill or pursue education. That advice became a turning point and reinforced the value of learning a trade and building a future around useful skills.

On 7 February 2017, Wisdom began technical training at Genius Engineering, spending approximately one year developing welding and fabrication skills. He later moved to Peko Nigeria Limited to upgrade his technical knowledge and practical experience.

His experience expanded into electrical work, painting, welding and fabrication, with additional field exposure through work with NEPA. In 2019, he gained admission into Rivers State University while continuing to develop his practical and entrepreneurial abilities.

In 2020, Norahsprint fully came into existence. The name honours Wisdom's late grandmother, Dora Nora, whose principle — "Wherever you go, leave a good footprint." — became a guiding philosophy. "Nora" was adopted in her honour, while "Sprint" represents movement, progress and determination.

As the business grew, team members were sent to Lagos to gain additional knowledge in areas such as POP works and furniture production. From 2021 onward, Norahsprint continued taking on projects while strengthening its team and operational structure.

A major milestone came in 2024, when the furniture department was formally established and the business secured a dedicated workshop and operational location. Today, Norahsprint continues building on years of practical experience, learning, teamwork and perseverance.

"WHEREVER YOU GO, LEAVE A GOOD FOOTPRINT."

- Residential interior projects
- Furniture and custom joinery
- Painting and screeding
- POP and ceiling works
- Electrical and lighting installations
- Interior decoration and finishing
- Renovation and remodeling projects

The business has also executed projects for notable private clients, including work for the wife of a former House of Representatives member, Farada Gogo, with projects carried out in Port Harcourt and her hometown. Detailed references, photographs, project values, locations and testimonials can be included where permission has been obtained.

Growing Capacity

- Skilled craftsmen and technicians
- Multi-disciplinary project teams
- Furniture and joinery production
- POP and ceiling execution
- Painting and surface finishing
- Electrical and lighting installation
- Interior decoration
- Project coordination and supervision
- Ability to mobilize teams according to project requirements

How We Approach Projects

01 — Understanding

We listen to client needs, expectations, budget and project objectives.

02 — Planning

We assess scope, materials, manpower, timelines and technical requirements.

03 — Execution

Our teams execute according to agreed specifications and standards.

04 — Supervision & Quality Control

We monitor workmanship, materials, coordination and finishing throughout the project.

05 — Completion

We focus on proper finishing, client satisfaction and delivery against agreed objectives.

Why Choose Norahsprint?

- Practical industry experience

- Skilled craftsmen and technicians
- Multiple building and finishing disciplines
- Flexible project teams
- Attention to detail
- Strong commitment to quality
- Client-focused communication
- Local knowledge and project experience
- Capacity to coordinate different trades
- A culture of continuous learning and improvement

We understand that every project represents an investment, and we treat that investment with responsibility.

10 — FUTURE

Where We Are Going

Expansion of Operations	Expand capacity across Rivers State, other parts of Nigeria and eventually international markets.
Larger Construction & Institutional Projects	Build stronger relationships with developers, institutions, government agencies, organizations and corporate clients.
Professional Project Management	Strengthen documentation, procurement, quality control, safety procedures and project-management processes.
Strategic Partnerships	Develop relationships with architects, engineers, quantity surveyors, developers, suppliers and built-environment professionals.
Workforce Development	Establish stronger training and mentorship systems for young people entering skilled trades.
Technology & Innovation	Adopt modern tools, equipment, design processes, project-management systems and innovative materials.
National & International Growth	Develop a structured Nigerian brand capable of competing for major projects and partnerships beyond Nigeria.

Wisdom Pepple

Founder & Chairman

Wisdom Pepple is the Founder and Chairman of Norahsprint Integrated Services. His journey into entrepreneurship was built through practical experience, learning from experienced professionals, working with skilled craftsmen and developing the discipline required to build a sustainable business.

His leadership philosophy is centered on excellence, discipline, integrity, learning, opportunity and growth.

Beyond delivering projects, he believes in developing people. Norahsprint has provided opportunities for young people to learn practical skills, develop craftsmanship, take on leadership responsibilities and build their own future.

Under his leadership, Norahsprint continues to develop from a hands-on operation into a structured and professionally positioned business capable of serving larger clients and projects.

12 — PEOPLE DEVELOPMENT

Building People Alongside Projects

One of the important parts of Norahsprint's story is the development of young people through practical work and mentorship. People who have passed through the business have gained experience in furniture making, painting, screeding, POP, electrical works and other skilled trades.

Some have progressed from apprentices to skilled craftsmen and departmental leaders, while others have gone on to pursue education and leadership opportunities.

Norahsprint believes that a successful company should not only build structures; it should also build people.

13 — COMMITMENT

Building More Than Beautiful Spaces

At Norahsprint Integrated Services, we are committed to building more than beautiful spaces.

We are building trust, careers, partnerships and a legacy.

Every project is an opportunity to improve our standard, strengthen our reputation, develop our people and create value for our clients.

OUR GOAL

To become a company people can trust with their projects, their investments and their vision.
